Program Description	<p>Our Mission:</p> <p>The D'Youville Department of Physical Therapy prepares students for professional success as doctors of physical therapy and leaders in their communities. The Department uses evidence-based learning and community service to develop student skills and contributes to the PT profession through faculty and student scholarly activity.</p> <p>Our Vision:</p> <p>The D'Youville Physical Therapy Department will be recognized for excellence in the preparation of clinical practitioners who are leaders in providing evidence based, culturally sensitive, patient-centered care as members of collaborative inter-professional teams.</p> <p>Our program integrates interprofessional education with traditional coursework, graduate research and online learning. D'Youville's unique interprofessional education lab offers the opportunity to practice treating patients (played by actors) alongside a team of students from 7 other healthcare majors-all under the supervision of skilled instructors. Nine consecutive semesters allow you to complete the program in 3 years.</p>
