Program Information

Program Description	<p>The mission of the Doctor of Physical Therapy program is to provide a supportive, student-focused learning environment that encourages and educates individuals to develop into compassionate, clinically and culturally competent licensed physical therapists who are productive citizens. The physical therapy curriculum will allow opportunities for scholarship, community engagement, and professional service, in addition to in-depth learning in human movement. The program will emphasize ways in which future physical therapists can contribute to the health equity of all, including rural and/or underserved populations.</p> <p>The Doctor of Physical Therapy program at Indiana State University prides itself in offering an affordable solution to quality healthcare professional education in Indiana.</p>
