## Program Information

Thank you for considering the Doctor of Physical Therapy program at UIndy's Krannert School of Physical Therapy (KSPT). The DPT program is a 3-year, full-time traditional campus-based program that combines classroom instruction with real-world clinical experiences. The faculty are committed to educating and inspiring movement experts to transform the health of society through engaging and innovative experiences, meaningful relationships, and excellence in practice, scholarship, and professional and community engagement.

- There is one admissions cycle each year.
- Applications are due **October 1** and must be verified in PTCAS by November 1 in order to be reviewed.
- **Please submit your application early to ensure time for processing.**
- All applicants are required to participate in the [CASPer Assessment](#).
- **Be sure to review the CASPer website early for available testing dates.**
- All applicants are required to provide three recommendations.
- **Please review our [website](#) for recommendation letter requirements.**
- Due to COVID, the GRE will not be required as part of our application process in 2021.
- You may submit your GRE scores; however, it will not be used as part of our selection process.

Applicants selected to interview will be notified by the admissions counselor. Applicants who do not meet the outlined minimum requirements will not be considered for admission. Please visit our [website](#) for a full list of our admissions criteria.

**\* If you have any questions, please contact our Admissions Counselor Krista Hensley [pt@uindy.edu](mailto:pt@uindy.edu)**

This page is intended for college students and graduates ONLY. We do not accept transfers from other DPT programs. High school students MUST contact the institution directly for information about the freshman-entry program. High school students should NOT apply using PTCAS.

Program Description	Our Professional Doctor of Physical Therapy (DPT) program prepares outstanding clinicians to enter practice across the full spectrum of physical therapy settings. Our program equips students with the knowledge and skills they need to function as physical therapists in increasingly complex and independent roles. DPT faculty are actively engaged in both clinical practice and research activities.
